Heaven will need me
Heaven will miss me
And heaven will beg me
To stay on this road
And heaven will need me
Heaven will miss me
And heaven will please me
To stay on my road, to stay on my road

I
I lay my head on the floor
And no one comes back home
Oh, baby come home

I feel the hole in my chest
A saw a blood on my wrist
Oh, baby come home

Ref.
Heaven will need me
Heaven will miss me
And heaven will beg me
To stay on this road
And heaven will need me
Heaven will miss me
And heaven will please me
To stay on my road, to stay on my road

II
I'm still feeling the pain
I don't remember my name
I can hear the rain

Is that you on the door
So sorry I'm gone
Oh baby, come home

Ref.
Heaven will need me
Heaven will miss me
And heaven will beg me
To stay on this road
And heaven will need me
Heaven will miss me
And heaven will please me
To stay on my road, to stay on my road

III
I'm driving to fast
I'm driving to far
I wanna back home

Ref.
Heaven will need me
Heaven will miss me
And heaven will beg me
To stay on this road

And heaven will need me
Heaven will miss me
And heaven will please me
To stay on my road, to stay on my road
